

# Planned Service Changes

**OCCUPY  
WALL ST**

**Liberty Plaza / Zuccotti Park  
Sept. 17 - ongoing**

## **Overturn Citizens United v FEC.**

### **How does this affect my life?**

The Supreme Court's Citizens United ruling has given corporations more influence over the election process than ever before. This level of influence can only serve to move our country toward more policies that are good for powerful multinational corporations, but bad for the country as a whole.

**Note:** Corporations are not people. They do not deserve 1st Amendment rights at the expense of our democracy.
