

Planned Service Changes

**OCCUPY
WALL ST**

**Liberty Plaza / Zuccotti Park
Sept. 17 - ongoing**

Prosecute those who caused the financial crisis.

What happens if I destroy the American economy?

Reckless lending and excessive risk taking by major financial institutions will not lead to charges or arrests of senior executives.

Executives may even receive large cash bonuses.

This stands in stark contrast to the S&L crisis in the late 1980s, resulting in more than 800 bank officials going to jail.

What happens if I peacefully assemble to protest this?

You may join the over 780 who have been arrested.
You may be pepper-sprayed by the NYPD.
